

Supplement – AFHMP Census Data Guide

To be used for collecting census data or demographics information for the Affirmative Fair Housing Marketing Plan (AFHMP) or to aid in the 5 year review of an approved AFHMP.

Instructions are for use of: <http://factfinder2.census.gov/faces/nav/jsf/pages/index.xhtml>
For issues with display and function: [Browser requirements](#) and [Troubleshooting](#)

To find Census Tract:

1. Click “Advanced Search” at top page.
2. Click “Geographies” in the side bar on the left.
3. Click the “Address” tab and enter the address of the project → Click “Go”.
4. In the table that appears look for “Census Tract” under the “Geography Type” column to the right under “Geography Name” will be the Census Tract Number.

To collect Demographics Information:

For Race, Sex, Family Status, and Hispanic or Latino information

1. Click **Advanced Search** at top page.
2. Click **Geographies** in the side bar on the left.
3. Click the **Address** tab and enter the address of the project → Click **Go**.
4. In the table that appears look for **Census Tract** under the **Geography Type** column to the right under **Geography Name** will be the Census Tract Number.
5. Click on the Census Tract listed. It should appear under Your Selections on the upper right.
6. Close the “Select geographies” pop-up window.
7. Locate in list **Profile of General Population and Housing Characteristics: 2010** select the one marked **2010 SF1 100% Data** → Check the box next to it → Click View. This will provide a table that includes the Race, Sex, Family Status, and Hispanic or Latino information.
*Table name can be typed into the **Refine your search results** bar.*
8. The table(s) can be printed or downloaded.

Note: Steps can be repeated or modified for other geographic areas such as County, Metro Area/MSA, etc.

For Disability Status

1. Repeat Steps 1-4 listed above.
2. Click “Topics” on the left → Click **People** → Click **Disability** → Click the **Disability** link directly beneath it.
*Table names or ID numbers can be typed into the **Refine your search results** bar.*

Note: that the most recent information is based on estimates or samples.

- a. **For Census Tract-** Select the first **Disability Status by Sex: 2000** or QT-P21. In this section report the percent with a disability for both sexes for population 5 years and over. Information for the census tract is only available from the 2000 sample data.
- b. **For County or MSA-** Select the first **Selected Social Characteristics in the United States** or DP02 and report the percent of the total civilian non-institutionalized population with a disability. This information is included in year estimates; please choose the most recent year available and most suitable type/dataset.
The US Census Bureau provides the following information on the differences between the year estimates.

1-year estimates	3-year estimates	5-year estimates
Data for areas with populations of 65,000+ Smallest sample size Less reliable than 3-year or 5-year Most current data	Data for areas with populations of 20,000+ Larger sample size than 1-year More reliable than 1-year; less reliable than 5-year Less current than 1-year; more current than 5-year	Data for all areas Largest sample size Most reliable Least current
<i>Best used when</i> Currency is more important than precision Analyzing large populations	<i>Best used when</i> More precise than 1-year, more current than 5 year Analyzing smaller populations	<i>Best used when</i> Precision is more important than currency Analyzing very small populations

3. The table(s) can be printed or downloaded.

Note: Steps can be repeated for other geographic areas such as County, Metro Area/MSA, or other area.
