The Ohio Housing Finance Agency is an Equal Opportunity Housing entity. Loans are available on a fair and equal basis regardless of race, color, religion, sex, familial status, national origin, military status, disability or ancestry. Please visit www.ohiohome.org for more information.

The Ohio Housing Finance Agency’s (OHFA) Single Family Tax Credit Program (SFTC) was created in 2023 through Am. Sub. H.B. 33 of the 135th General Assembly. Guided by the Ohio Revised Code Section 175.17 and Ohio Administrative Code Section 175-12, the program is a nonrefundable tax credit created to incentivize the construction of new single-family dwellings for qualified Ohio homebuyers.

Guidance regarding the information and completion of the application form and required tables and exhibits are based on parameters identified in the Ohio Revised Code, Ohio Administrative Code, **Single Family Tax Credit Allocation Plan** (Allocation Plan), and **Single Family Tax Credit Underwriting Guidelines** (Underwriting Guidelines).

During application completion, the Allocation Plan should be carefully reviewed for program guidance. While language in the application provides additional clarity and guidance, the Allocation Plan provides the primary program guidelines.

This application form includes Appendix I – Program Parameters (Appendix I) and Appendix II – Supplemental Documentation (Appendix II). Appendix I details additional program parameters that must be met during the application period, throughout the project construction period, and throughout the dwelling affordability period to retain the project’s eligibility within the program. Appendix II lists the additional required documentation (tables and exhibits) outlined in the body of the application form to supplement the information in the form.

OHFA will administer monthly application rounds for the program through May 2025. The schedule is as follows:
