

This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to Bank of New York Mellon. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to Bank of New York Mellon must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 15th of the month following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.

^^Denial numbers include Servicer Denial and Program Denial for Rescue Payment Assistance (RPA). Program Denial occurs when OHFA has determined that a homeowner meets the basic eligibility for HHF assistance (income, assets, hardship, etc.) but does not meet the specific program requirements such as ability to sustain mortgage payments for six months after receiving assistance. The reason that the numbers of denials are so much higher than approvals on the December 31, 2010 report is due to the timing of moving borrowers through the Restoring Stability process. A denial can occur while the file is being reviewed by OHFA, but approval does not occur until both OHFA and Servicer has approved the file. At the end of the fourth quarter OHFA had very few files that made it through servicer review.

^^^Denial numbers include Servicer Denial and Program Denial for Partial Mortgage Payment Assistance (PMPA) . Program Denial occurs when OHFA has determined that a homeowner meets the basic eligibility for HHF assistance (income, assets, hardship, etc.) but does not meet the specific program requirements such as currently or recently receiving unemployment benefits for PMPA, or ability to sustain mortgage payments for six months after receiving assistance for RPA. Ineligible applicants are not included in this report, but will be included in future reports. The reason that the numbers of denials are so much higher than approvals on the December 31, 2010 report is due to the timing of moving borrowers through the Restoring Stability process. A denial can occur while the file is being reviewed by OHFA, but approval does not occur until both OHFA and Servicer has approved the file.
