ABOUT OHFA
The Ohio Housing Finance Agency (OHFA) provides affordable housing opportunities for low-to moderate-income individuals, families, seniors and persons with disabilities. Two important federal resources make this work possible: Low Income Housing Tax Credits (Housing Credits) and tax-exempt private activity bonds (Housing Bonds). Through the allocation of Housing Credits, OHFA facilitates private capital investment to build and preserve affordable rental housing, and through the sale of Housing Bonds, the Agency supports its homeownership and rental housing programs. These resources and programs produce stronger, healthier Ohio communities and stimulate economic activity by supporting more than 5,800 jobs and contributing over $870 million each year to the state’s economy.
