Rep. Susan Manchester

ABOUT OHFA

The Ohio Housing Finance Agency (OHFA) is an independent state agency dedicated to ensuring all Ohioans have a safe and affordable place to call home. OHFA uses federal and state resources to provide housing for low- to moderate-income households through the financing of fixed-rate mortgages, as well as funding the development and preservation of affordable rental housing. At the state level, OHFA relies on two crucial sources of funding: an allocation from the Ohio Housing Trust Fund to supply gap financing for rental housing projects and the capacity to issue Housing Development Loans using Unclaimed Funds from the Ohio Department of Commerce. These resources and programs produce stronger, healthier Ohio communities and stimulate economic activity by supporting more than 5,700 jobs and contributing over \$870 million a year to the state's economy.
