This document describes the Housing Finance Agency (HFA) Hardest-Hit Fund (HHF) data that state HFAs are required to provide to the U.S. Department of the Treasury. It includes quarterly borrower characteristic data and program specific performance data. All HFA HHF data submitted to the U.S. Department of the Treasury must be accurate, complete, and in agreement with retained HFA records. Data should be reported by each state HFA by the 45th day following the quarter.

Data requested in the "Borrower Characteristic" worksheet should be reported in aggregate for all HHF programs run by the state HFA. Program specific data is separated into reporting tabs for each individual program. State HFAs should report program performance data on an individual program basis. A data dictionary has been provided to assist in the definition of each data point.

Line 3, 6, 9 Program Intake / Evaluation. Number of Unique Borrowers Denied Assistance or Withdrawn from Program will not balance cumulatively as a result of homeowners moving within program states (to approval, for example).

Line 8 Program Expenditures. Assistance Provided QTD + last quarter's cumulative will not balance as a result of $13,468 in returns for RPA program and $15 in returns for HRA, as well as $34,000 in HSA due to a previously declined file becoming eligible. Additionally, there is a cumulative difference of $5,802,415 between the QFR and QPR as a result of all HSA monies including unearned being accounted for on the QFR.

**Lines 50 Program Outcomes.** The cumulative Borrowers No Longer in the HHF Program will not sum in a quarter-over-quarter fashion. 7 borrowers who exited the program in a previous quarter, but were not counted due to the timeframe for processing final records, are included in the cumulative for this quarter.

**Lines 84-91 Homeownership Retention numbers have been revised in Q1 2016 due to data reconciliation by the HFA.**

Line 31 Assistance Provided To Date declined quarter to quarter due to returned funds from servicers in the amount of $13,468.

Line 36: Median application processing times may be affected by applicants reapplying for assistance.

Line 50 Program Outcomes. The cumulative Borrowers No Longer in the HHF Program will not sum in a quarter-over-quarter fashion. 514 borrowers exited the program in a previous quarter, but were not counted due to clerical issues and the timeframe for processing final records. Those borrowers are included in the cumulative for this quarter.

Lines 84-91 Homeownership Retention numbers have been revised in Q1 2016 due to data reconciliation by the HFA.

Line 31 Assistance Provided To Date declined quarter to quarter due to returned funds from servicers in the amount of $15.

Line 36: Median application processing times may be affected by applicants reapplying for assistance.

Line 50: Borrowers no longer in program do not equal out to number of borrowers receiving assistance due to borrowers still receiving assistance via MPA program.

Line 50 Program Outcomes. The cumulative Borrowers No Longer in the HHF Program will not sum in a quarter-over-quarter fashion. 64 borrowers exited the program in a previous quarter, but were not counted due to the timeframe for processing final records.

Lines 84-91 Homeownership Retention numbers have been revised in Q1 2016 due to data reconciliation by the HFA.

Line 3 Program Intake / Evaluation. Number of borrowers receiving assistance are those borrowers that have received an eligible outcome (DIL, SS, permanent mod or are within a trial mod period) as of the most recent auditor's report.

Line 6 Denials. All sold loans with unsuccessful outcomes are now being reported as denials. Previously, denials were not reported in this manner as there was the potential that they homeowner could be offered another outcome (DIL, for example). Declines went down by one due to a prior outcome now being deemed as eligible.

Line 31 - one file that was previously deemed ineligible was determined to be eligible during Q1 as a short sale qualifying for $34,000.
